RE: Resource Recovery Certification RR-020

Dear Mr. Siedhoff:

This letter is to inform you that the department has completed the review of your certified resource recovery facility application form. After a review of your application form and the supporting documents the department is pleased to inform you that Union Electric Company - Ashley Plant has been certified for resource recovery contingent upon the following provisions.

1. The operator shall comply with 10 CSR 25-9.010.
2. The operator shall burn only those wastes listed in the application and in the amounts specified.

If you have any questions regarding compliance with your certification, please contact me at this office.

Sincerely,

Scott S. Boyd

CERTIFIED RESOURCE RECOVERY FACILITY

Certification for resource recovery is issued to:

UNION ELECTRIC COMPANY - ASHLEY PLANT

For the facility located: 4 Ashley Street, St. Louis, Missouri

CERTIFICATION NUMBER: RR-020

A copy of this certificate must be available at the facility during operation.

This certification is valid from the date signed for a period of two years, in accordance with the Certified Resource Recovery Facility Application Form approved by the department. Only wastes listed in the approved application are to be processed at this facility.

It is understood that the acceptance and use of this certification subjects the operator of the above named facility to the applicable requirements of the Missouri Hazardous Waste Management Law and the rules thereunder specifically 10 CSR 25-9.010.
